

Horncastle - Snowflakes

This Christmas we're bringing some magic to our market towns and we want your help to do it.

Hope and Light is a special light show that we're bringing to Louth, Horncastle, Spilsby and Alford this December.

Festive light projections will be displayed onto a building in each town centre throughout the month and the best bit is you design the artwork we'll use.

Christmas may be a little different this year, but you can still make it special by taking part in this unique project.

So come on, get creative this Christmas and get involved:

- Create your artwork using this template.
- Send it back before November 6th either by photographing your design and sending it via email to hello@different-light.co.uk or you can pop it in the post to **The Different Light Collective, c/o Spilsby Sessions House, Church Street, Spilsby, Lincolnshire PE23 5DY**. Hard copies can also be dropped off at **Horncastle Library Wharf Road, Horncastle LN9 5HL. Tel: 01522 552964**

Make sure you visit Louth, Alford, Spilsby and Horncastle in December to see each town's projection and explore our amazing independent shops.

More information about the project can be found by visiting www.different-light.co.uk/hope-light
